

Finer Living®

Intrinsically rustic, this CopperLodge™ cottage captures the style and atmosphere of retreat lodging. Hand installed cedar log siding and rough sawn cedar trim create the look of the northern woods. Vinyl thermopane® patio door and windows provide four-season comfort.

"I'm a 'city girl' through-and-through, who fell in love with a rugged outdoorsman from northern Wisconsin. Jeff really wanted a CopperLodge for our weekend get-aways, but I was less than enthused. ...Never realized how much I was missing."
